# Judge Sets Trial Date for Injury Claim Against Western Hoist

## Share Article

**Curd, Galindo & Smith, LLP Allege In a Lawsuit It Filed for Its Client that a Car Hoist Failed and Caused the Car to Fall on to a Mechanic**

**LOS ANGELES, CALIFORNIA (PRWEB) JUNE 15, 2012**

[Attorney Alex Galindo](#) with the law offices of [Curd, Galindo & Smith, LLP](#) filed suit for Brad Terry, an automobile mechanic of Long Beach, California. The lawsuit against Western Hoist alleges Mr. Terry sustained injuries after the hoist failed and the car fell on to Mr. terry's body.

The trial judge set the matter for a jury trial to commence December 11, 2012 in the Los Angeles Superior Court, Case No.: TC025277.

Court records show that Brad Terry alleges in his lawsuit against Western Hoist that the hoist failed as a result of a defective wheel in the pulley system. The lawsuit contends that on May 20, 2010, Brad Terry was working on a vehicle at his employer's (Cormier Chevrolet) facility. The vehicle was raised on the hoist manufactured and sold by Western Hoist. The hoist failed and the vehicle came crashing down onto Mr. Terry. As a result Brad Terry suffered significant and life long injuries.

Mr. Terry is seeking general and compensatory damages in an amount to be proven at trial for past and future loss of earnings, lost earning potential and past and future loss of self, including pain and suffering.
